COLEMAN, ALBERTA, THURSDAY, NOV. 22, 1934

\$2 per year, single copy 5c

## Five Team Hockey League Organized

**Lethbridge and Macleod Join With Bellevue, Blairmore and Coleman**

It looks like a red-hot season of hockey in the offing. Lethbridge and Macleod, leading teams of last year's play in the Foothills league, decided on Sunday at a meeting at Macleod to join with the teams of the mountain towns, and to say there will be keen rivalry is just putting it mildly.

The keenest season in years is anticipated, and club managers are already counting on big gates whereby the financing of teams will be a little easier.

Frank G. Creighton is given the well-deserved honor as league president. For two years he has been president of the Coleman team, and did the job well, enabling the club to finish with a surplus at the end of each season.

So far no new players are announced for Coleman team, therefore the aggressive combination of last season will line-up in the same positions.

The playing schedule will be arranged next week.

## Flaunting Empire Ideals by Blairmore School Board Arouses Protest Throughout Canada

**Declaring of School Holiday by School Board Arouses Flood of Protests by Public Organizations and Press—Flagrant Breach of Trust by Trustees in Observing Anniversary of Russian Revolution.**

The declaring of a school holiday by Blairmore trustees in observance of the Russian revolution has aroused widespread protests in the press and from various organizations.

Victoria Avenue, the main thoroughfare of Blairmore, has been re-named by a Red council, Tim Buck avenue. What an insult!

Canadian citizens have been subjected to indignities unparalleled in a supposedly democratic and liberty-loving community. Well might people throughout the province and the Dominion wonder why such conditions should prevail.

The only answer is that a majority of the ratepayers voted for a council and school board avowedly anti-British, dominated by a Communist agitator who has not one vestige

of vested interest in the Crows Nest Pass. People living outside of Blairmore are perplexed, not knowing the cosmopolitan nature of its birthday and how susceptible it is to irresponsible leadership.

It is amazing that such things should happen, and it is high time that the people of Blairmore who prize Canadian ideals of citizenship assert themselves and redeem the good name of their town in the eyes of the rest of Canada. It can be done—not by a milk and water attitude, but by showing they are possessed of sufficient spirit to uphold the principles of Canadian citizenship against the encroachments of a clique who would meet a speedy termination to similar activities were they to practice them in the country they hold up as a pattern to the people of Blairmore.

### LOCAL AND GENERAL

Lorraine Rippon is making rapid progress following an operation in Coleman hospital for appendicitis.

The collection taken at the Remembrance Day service was apportioned partly to the United church, their morning service being cancelled, and the balance deposited in a savings account as a nucleus for a memorial fund. The total was \$18.40.

Mrs. J. Derbyshire and Mrs. A. Cornett entertained the Ladies Guild of St. Alban's church in the parish hall on Thursday evening. Cards were played, followed by refreshments. Prizes were won by Mrs. H. E. Gate, Mrs. T. Blower, and Mrs. W. Martland consolation, the latter also winning the raffle prize.

Personal greeting cards are messengers of good cheer at Christmas tide. With your name and address neatly printed, with envelopes made ready for mailing, people are saved trouble in selecting cards at the last moment. The Journal office has over one hundred designs to choose from, and a telephone call will bring a sample book to your home to look over at your leisure. Prices range from one dollar a dozen, including printing and envelopes.

COLEMAN CANADIANS—Western Canada Intermediate Champions 1933-34 Season, who will have practically same line-up as last season.

### LOCAL AND GENERAL

Miss Ethel Wilson suffered a painful injury to her eye when an electric light bulb by which she was reading burst.

Crabbrook curlers met on Tuesday to organize for the season and to arrange for the Crows' Nest Pass annual bonspiel.

Store advertising which contains "opportunity news" will attract more and more readers all the time—readers who watch for each ad eagerly.

Margaret Milley celebrated her birthday on Friday evening at her home by entertaining a number of girl friends.

Mines Inspector J. B. de Hart, of Lethbridge, is acting as mines inspector for this district following the death of Moses Johnson.

Powell's jewelry store auction sale was a popular event last week, and buying was quite brisk throughout the entire week.

"We have instilled into our young people too great faith in short-cuts to prosperity rather than deep confidence in industry and thrift"—E. W. Beatty, president C.P.H.

The Girl Guides thank all who supported them in their Poppy Day campaign, whereby a nice sum was realized for the disabled soldiers and the local funds of the Guides.

The High School Echo has resumed publication, and the budding journalists, business managers and reporters are enjoying the thrill of seeing their compositions in print.

The greater volume of electric current used for domestic and business purposes, the lower the rate becomes. To maintain lower rates, such as went into effect on July 1st, more liberal use of current is necessary.

The Journal's subscription offer of three popular Canadian magazines and the local paper for one year at \$3.00 is still available. Many have taken advantage of it to renew their subscriptions.

Usually you'll find the real shopping opportunities advertised in The Journal. Knowing what's advertised, you know how to shorten the time and lessen the expense of your shopping account.

Mrs. Florence Smith left on Saturday for a three months visit with relatives and friends in Newmarket, Ont., and other eastern points. Prior to leaving she was the guest of honor at a number of social events.

"Bud" Clark is a great fellow for keeping pets. He has cats, dogs, and during the summer had a rabbit which was found in the K.P. hall one morning. It is suspected the rabbit became acquainted with some pork in a pie, for the coop, it is noticed, is empty, and the Boston bull pup, which frequents The Journal office, came in one morning with a rabbit's furry skin.

Read the ads, and shop and save.

Steadily increasing circulation and street sales indicate the popularity of The Journal as a medium of advertising and recording of local news. Says a subscriber: "We enjoy reading it every week and when finished mail to

to our daughter." The Journal is read by the entire family, and many copies are mailed weekly to distant relatives and friends. "It's like getting a letter from home," writes another subscriber of many years standing.

### IN MEMORIAM

## Remembrance Day -- Its Memories And Lessons

The world has commemorated another anniversary of the signing of the Armistice,--the sixteenth. Remembrance Day, as we have come most appropriately to call November 11, falling on a Sunday as it did this year, was observed by hundreds of thousands of people in nations all over the world. From the pulpits of churches of all religious denominations peace sermons were preached and the horrors and brutality of war vividly depicted and unanimously condemned. Gathered at the graves of Unknown Warriors, assembled about cenotaphs and other monuments erected to the memory of the gallant dead, or meeting in solemn memorial services, men and women formed an almost unbroken circle around the world as they stood with bowed heads and in impressive silence as the hour of eleven o'clock struck.

It was Remembrance Day! People were flaming red poppies symbolical of Flanders Fields and of the bright red blood of youth there shed. Reverently they laid wreaths of poppies in many hallowed spots. People heard the pipes and drums play "The Lament," the bugles sound "Last Post" and "Reveille," and they saw the Colors slowly dipped.

Pride and sorrow were interwoven and strangely mixed as the memories of those of the older generation were carried back to 1914-1918 and to the call of duty when that call came; sorrow that so many had been called upon to make the supreme sacrifice or go through life maimed and handicapped to the end of their days. And mingling with pride and sorrow there was a righteous anger that such a barbarism as War should be permitted and sanctioned by peoples and nations styling themselves Christian and civilized.

But does Remembrance Day mean nothing more than this? Does it begin and end with the twenty-four hours of November 11, and are we then to lapse into forgetfulness for the remaining 364 days of the year until once again November 11 calls upon us to stand in silence and remember?

Consider, you who are now reading these lines: Have the memories stirred only a few short days ago not already begun to fade? Is not that almost red hot righteous anger against War and all that War means which you felt so recently already cooling off? If your passionate demand for Peace, and that never again shall War blast its way in this world, as keen to-day as it was when you stood in a silence that could almost be felt just a few days ago? Alas, it must be so. Indeed it is well that in many respects our human memories are short, else we could not bear the burdens which memory would bring. But it is vitally important to the future of mankind that we should never forget all the tragedy that Remembrance Day brings to mind. So far as the awareness and consciousness of War is concerned, every day should be Remembrance Day.

Canada is a peace-loving country. If the decision could be left to the Canadian people there would never be another war waged anywhere on this world's surface, nor upon its seas, nor in its air. Canada has always set the nations an example in disarmament; or rather by its refusal to engage in armaments. Our paltry permanent force and numerically small and widely scattered militia is but a domestic police force maintained to guarantee law and order. Of offensive armaments Canada possesses none.

But as a nation of Peace, Canada has not been alone in the world. At Geneva the voice of Canada is always raised for Peace. In world conference Canada's vote is always cast for Peace. But the responsibility is ours to make our voice for Peace stronger and still more emphatic in a world of nations apparently bent upon engaging in a race for war-like armaments unparalleled in all history.

Narrow nationalism, with all its selfishness, its suspicions, its jealousies and its animosities is the basic, the underlying cause of war. The truth of this statement is emphasized over and over again by the well known international correspondent, James F. MacGowan, in an article entitled "Does Europe Want Disarmament?" Selfish nationalism wrecked the World Economic Conference called to bring about tariff and currency readjustment, and because of that failure the whole world still staggers and suffers. Selfish nationalism has rendered every disarmament conference a failure. And because men still insist upon such narrow national selfishness, the nations are heading straight into another war.

Canada is not one of selfish nationalism, but it has not the grip on the people of this new and young land that it has upon the older countries of Europe and Asia. Nevertheless, if Canada's voice for World Peace is to be as strong and emphatic as it ought to be, the Canadian people must not only place a curb upon the growth of an spirit of selfish nationalism but we must seek to eradicate it from our individual minds and hearts and from the policies of this Canadian Dominion.

Let us remember and keep fresh the memories and lessons of Remembrance Day, abhor War and all that tends towards War, and think and plan and live for Peace at home and in the world.

A cynical young bachelor who has recently returned from his first visit to a certain health resort, says he has found out that a spa is a place where a woman goes to get rid of her rheumatism and her daughter.

It is never later than 6 o'clock in San Marino, a tiny republic in Italy, where the day is divided into quarters and no clock ever strikes more than six strokes.

Seventeen of every 20 road accidents are due to human error of judgment, while in two out of every three lack of care or thought on the part of the victim is the principal cause.

The walls and ceilings of a new restaurant are composed entirely of glass mirrors. We understand, however, that male customers are catered for as well.

## Dominion Drama Festival

Brilliant British Playwright Pays Compliment To Canada

Canada is fortunate in having the Dominion Drama Festival established on such a firm basis, in the opinion of Noel Coward, brilliant British playwright, composer and actor, who is paying his first visit to Canada.

The Drama Festival, he believes, is a distinct contribution to the theatre in that it makes people "theatre-minded," and stirs up interest among the members of little theatre groups, their friends and associates in an ever-widening circle.

"It is most interesting," said Mr. Coward, in an interview at Ottawa, "to should like to attend a festival. If possible, I shall be here next spring." Only 36 years old, Mr. Coward is one of the most successful living writers for the stage. He already has had 24 or 25 plays produced. Now he is on the way to Milwaukee to attend a rehearsal of his latest play, "Point Valain," which will open in Boston Christmas night.

## INDIGESTION?

Then Try KRUSCHEN at NO EXPENSE

If you suffer from loss of appetite, indigestion, sour stomach or a miserable feeling after meals there's nothing like Kruschen for relief. The little daily dose of Kruschen first stimulates the flow of gastric juices to aid digestion, and then ensures a complete, regular and unailing elimination of all waste matter every day.

If you suffer, you'll welcome the opportunity to try Kruschen Salts now positively free of charge Ask your druggist for the Kruschen Giant Package. This is the best bargain you can get. A separate FREE TRIAL bottle. Use the trial bottle first. Then if you are not entirely convinced that Kruschen will do everything claimed for it, return the Regular package unopened to your druggist and he will return it at full value. But act quickly your Free Trial Bottle will be gone. Your druggist has only a limited supply.

## Nobel Literary Prize

Pirandello, Famous Italian Dramatist, Wins Swedish Award

Lugli Pirandello, famous Italian dramatist and novelist was awarded the Nobel literary prize. Selected from a host of American and European literary figures, Pirandello was given the famous award, which last year went to Leon Paul, Russian author, and which normally is worth about \$45,000.

Pirandello was born at Girgenti, Sicily, in 1867, and was educated at Rome and the University of Bonn. His greatest home is in Rome. His writings have been varied, including poetry, plays and prose.

His best known writings include: "As You Desire Me," "Six Characters in Search of an Author," "The Man With the Flower in His Mouth," "The Mock Emperor," "The Life I Gave You."

## IT'S LIVER THAT MAKES YOU FEEL SO WRETCHED

Wake up your Liver Bile

For you to feel healthy and happy, your liver must pour two pounds of liquid bile into your blood, every day. Without this bile, trouble starts. For digestion, sleep, elimination, action in the body, demand bile. How can you expect to clear up a situation like this complicated with more food, more salt, oil, mineral water, laxative, candy or chewing gum, or treatment? That's what you need Carter's Little Liver Pills. Purify your liver. Save. Quick and sure results. Ask for them by name. Refuse imitations. 25¢, all druggists.

## Almost As Dark

In a negro school near Danville, Virginia, there was one boy so black that the other pupils called him "Midnight." This comes to us rather straight from a traveler who has just motored through that part of Virginia. It seemed that this was all very well until a new pupil came of very shades lighter than "Midnight" entered school. On being called his nickname "Midnight" by the new pupil, the black one answered: "I guess heah! Don't you call me no Midnight. You 'bout half-past 'leven you self."

## Car Accidents Increase

Automobile accidents in Ontario for the first nine months of 1934 were 9.2 per cent above the same period last year, with the death toll at 360. Hon. T. B. MacQuinn, minister of highways, announced.

There would appear to be a serious shortage of alkali for domestic needs in Canada next spring as the 1934 production, plus the small carry-over, is not expected to exceed more than one-half normal requirements. Dominion Seed Branch.

## CHOOSING YOUR SWEETHEART

BY HIS HANDWRITING

By LAWRENCE HIBBERT (Grapho-Analyst)  
(All Rights Reserved)

(Editor's Note: Many letters of appreciation have been received from readers who have accepted the author's offer of a personal analysis from their own handwriting. Have you sent yours? See the announcement following this article.)

The value of Grapho-Analysis is never more evident than when it is used to assist Cupid. For it tears aside the veil that love so often weaves, and reveals in unerring fashion, the characteristics of the writer.

It is not merely a question of honesty and straightforwardness--although these are points that have to be considered. The emotions and the degree of expressiveness of those emotions--these are of vital importance.

Take, for example, a girl who has a warm and ardent nature; who feels things very deeply, and who expresses that feeling. She likes to be loved and would be very unhappy without the affection of others. What chance of happiness would she have, married to a man who is cool and unemotional; who dislikes any manifestation of affection; and who is so governed by his mind that he hasn't a generous streak in his nature?

Only the other day I received a very poignant letter from a girl of 24 years of age. She was married two years ago, but has never been happy, since the first raptures departed. She is of the type I mention above, and asks me why she is unhappy, and wonders whether she is responsible.

The writing of her husband, which she enclosed, shows that he has about as much feeling and affection as a gargoyle.

These two are mismatched; I can see very little chance of happiness for them. Here's a case where the Grapho-Analyst is right, and has prevented much unhappiness.

There is an old saying that opposite is better than the happier marriages. This is fallacious. Look on every side of you, and you will find married people who are unhappy and discontented, because their natures are so unlike.

Marriage demands affinity of interest. It is too much to ask, or to expect, that the average couple will have all the same interests, the same likes and dislikes and there is a good deal of compromise necessary in most marriages.

But a young couple whose natures are at the opposite ends of the pole are starting out with a tremendous handicap. The chances of their marriage being a happy one are small. A penalty is seen by the number of unsuccessful marriages.

But a young couple all means sue your husband for divorce. Yours is a sad case. Married four years ago, your husband left you three years ago, and now you meet a young man who loves you. He is a straightforward young man, and is trustworthy--which cannot be said for your husband. I am writing you direct regarding the personal matter.

Can the author help you? Can he show you what your friends are really saying? A personal analysis may be very helpful to you. Send specimens of the writing you want analyzed to me. A personal analysis may be very helpful to you. Send specimens of the writing you want analyzed to me. A personal analysis may be very helpful to you. Send specimens of the writing you want analyzed to me.

## Recipes For This Week

(By Betty Barelay)

## MARVEL LEMON PIE

1 package lemon-flavored gelatin  
1/4 cup sugar  
1/4 teaspoon salt  
1 tablespoon grated lemon rind  
4 tablespoons lemon juice  
1 1/2 cups boiling water  
2 egg yolks  
1 baked 9-inch pie shell

Combine gelatin, sugar, salt, and lemon rind with 3 tablespoons water. Add egg yolks and stir well. Add remaining water, stirring until gelatin is dissolved. Cool. Add lemon juice. Chill. When slightly thickened, turn into cold pie shell. Chill until firm. Cover with whipped cream.

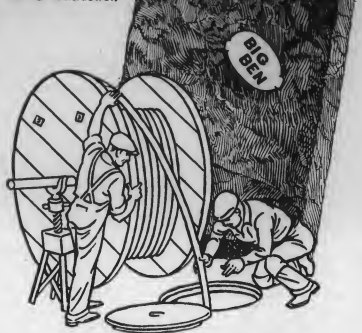

## CELERY CROQUETTES

2 1/2 cups celery cut fine  
1/2 cup milk  
1 1/2 tablespoons flour  
1 1/2 tablespoons butter  
1 teaspoon sugar  
1 egg yolk  
Salt and pepper  
Crumbs and egg

Cook the celery in boiling salted water to which has been added the sugar. Drain very thoroughly. Make a white sauce of the milk, flour and butter. Season with salt and pepper. Add the celery and the slightly beaten egg yolk to the sauce. Mix well. Spread on a plate to cool. Form into small croquettes. Dip in crumbs, egg and crumbs again. Fry in deep fat. Drain.

It takes surprisingly little to support a family of five, if you're doing it with a paper and pencil.

## Business Improved

Conditions in General Throughout Canada On Uplifted

Conditions in general throughout Canada have improved considerably and gradually since the low point in the early spring of 1933, the executive council of the Canadian Manufacturers' Association reported, coincident with the official opening of the Produced-in-Canada exhibition in Montreal.

Figures the council believed encouraging were presented in regard to employment. For the 12 months ended September, 1934, Canadian exports to 1930 when they amounted to \$316,000,000.

"Our exports to foreign countries, however, for 1930 were no less than \$567,000,000 as compared with \$307,000,000 for the year ending September, 1934.

## Will Have Representative

A representative of the Peace River district will be added to the western board of grain standards, it was promised by E. B. Ramsay, chairman of the board of grain commissioners.

Hogs graded in Canada for the first 43 weeks of 1934, ended October 25, numbered 2,373,094, a decrease of 172,459 on the corresponding period of 1933.

Katmai national park, Alaska is the site of the "Valley of Ten Thousand Smokes".

## Asbestos Suit Stood Test

Man Entered Flaming Building And Left It Unscathed

A man recently walked through a fierce fire, and was unharmed. He was not even in danger of being burned. He was testing a new asbestos suit at Slough. He entered a flaming and smoke-filled building, received some heavy boxes, and left it unscathed. His fireproof suit covered the body and limbs in the manner of a mechanic's jumper suit, heavy shoes and mittens, and a cylindrical mask with a long valance.

## HOLDS FALSE TEETH TIGHT AS CEMENT

Plates can't possibly slip when you sprinkle on Dr. Werner's Powder. Largest seller in world--holds plates so tight they can't annoy you so comfort they actually feel and set like your own. These mouth sanitary, pleasant--special comfort-cushion prevents sensitive gums from getting sore. Small cost--any druggist.

## League's Policy Negative

The League of Nations instead of being an instrument working for peace has become an institution attempting to prevent war. Edward Benes, Czech foreign minister, told the chamber of deputies when it reconvened at Praha. In a lengthy exposure of the European situation Benes emphasized the league was working long negative forces instead of having a definite positive policy such as it had in the days of Aristide Briand.

There are two sunsets at certain times of the year in the town of Leek, England. The sun disappears behind one flank of "cloud hill" and reappears beyond the other.

## No more RECHARGING OF BATTERIES!

... how would you like a battery radio that will do everything that the finest electric set will do? That will bring you the clear, full tone of the finest electric set ever made, day after day without the weakening... and banish forever the annoyance and expense of recharging batteries? Then--hear the new Air-Cell Radio--the wonder of the air!

Air-Cell Radios are built and designed specially by all set manufacturers to operate with the EVEREADY Air-Cell "A" ... a marvelous new "A" battery that re-energizes itself for at least 1000 hours, which at 3 hours a day is almost a year's service in the average household.

But do not confuse the Air-Cell Radios built for the EVEREADY Air-Cell with any other battery set ... Air-Cell Radios are entirely new from the ground up ... with quality, convenience and economy you never dreamed possible.

## Independent Retailers Would Welcome An Inquiry On Operation

Ottawa. — Independent retailers would welcome an inquiry into their condition and methods of operation, as was suggested before the price spreads and mass buying commission, in the opinion of George S. Hougham, Toronto, secretary of the newly organized National Retail Trade Federation of Canada.

Such an inquiry would disclose disadvantage under which majority of independent retailers operate in every retail trade that has been invaded by chain systems, Mr. Hougham stated.

As a spokesman for retailers Mr. Hougham declared, "Independent retailers say to the great merchandising corporations of Canada, we do not fear your competition, providing rules are established and authority available to enforce those rules upon chains and independent alike." The investigation will be widened to take in diverse fields of Canada's business and industry, notably textile manufacturing, the agricultural implement industry and possible gasoline refining and pricing, the Mail and Empire says in a despatch from its Ottawa correspondent.

This will be done, the Mail says, by amending the order-in-council under which the commission is now functioning so as to empower it to investigate any and every abuse charged in connection with the conduct of Canadian business and industry.

### Farm Club Movement

#### Thirty-Two Teams To Compete At Royal Winter Fair

Toronto. — Thirty-two club teams of two members each will compete in livestock and field crop projects at the Royal Winter fair here this week. The competition is that of the national club contests, held in connection with the boys' and girls' farm club movement.

Only two girls are included in the teams coming to Toronto this year. They are Bernice Hornbrook, of the Sussex Poultry Club, Sussex, N.B., and Louise McDermott, of the Hazelridge Poultry Club, Hazelridge, Man.

### Identifies Meisner

John Labatt, London Brewer, Deceased Meisner One Of Kidnappers London, Ont.—John S. Labatt, London brewer, identified David Meisner as one of three men who kidnapped him on a lonely western Ontario road last August and held him for almost 60 hours before releasing him near Toronto.

Labatt was the first witness called at the preliminary hearing of Meisner conducted by Magistrate C. W. Hawkshaw.

Meisner was committed for trial at the next assizes.

**Saskatchewan Oil Find**  
Antigonish, N.S.—Dr. Donald F. MacDonald, associate professor of geology at St. Francis Xavier University and former United States government expert, has been granted leave of absence to report on a new discovery of oil in central Saskatchewan. He will leave shortly for the west, planning to return to the university within a month.

## New Development In Disposal Of Western Surplus Of Grain Supplies

Winnipeg.—Sale of 600,000 bushels of low-grade Canadian wheat for animal feed in the United States was confirmed by Winnipeg grain exporters, marking a new development in disposal of Western Canada's surplus grain supplies.

The total shipment was estimated to be worth \$380,000 on a Fort William basis, with the farmers receiving about \$250,000 when allowance for freight rates, commissions, etc. are made.

Previously, amber durum wheat had been purchased by United States interests for macaroni purposes as well as a limited amount of hard red spring wheat for bread making. The total of these grains exported to the United States since August 1, beginning of the new crop year, was estimated at 10,000,000 bushels.

### Arms Situation Difficult

#### Premier MacDonald Urges License Plan To Solve Problem

Southampton, Eng.—Prime Minister Ramsay MacDonald reiterated his conviction that the only way to solve the disarmament problem is to develop an international licensing system for manufacture of arms in a speech at Southampton.

In emphatic terms he expressed his adherence to the cause of peace while pointing out the difficulties confronting the government in dealing with the armaments question. The government was zealously pursuing a peace policy, he said, but the foreign secretary (Sir John Simon) had to sit around tables not with peace-loving peoples, but with representatives who "do not share our views and have grievances."

"You can pipe but if they don't want to dance you cannot compel them," he said.

"We have got to accept armaments which I work day and night to diminish," he said, adding he would accept no defeat in his efforts to advance peace.

### Praises Churchill Elevator

#### Sea Captain Says Equipment Second To None In The World

Montreal. — Churchill has an elevator which for efficiency and equipment is second to none in the world, Captain Arnold Taylor stated here recently. Capt. Taylor is master of the S.S. Alma Dawson, which carried grain from the northern Manitoba seaport during the past summer.

Russian enterprise, with its keenness to pick the brains of the rest of the world, had not equipped her most up-to-date ports with any grain elevators as good as that at Churchill, Captain Taylor said.

He paid special tribute to George Kill, resident engineer at Churchill.

### Free From Political Influence

#### Would Remove Civil Servants From Voters' Lists

Ottawa. — Removal of civil servants from the voters' lists in order to free them from political influence was suggested by Secretary of State H. Cahan in an address to the annual convention of the Civil Service Federation of Canada. Further, the minister suggested the service might voluntarily curtail the hour and a half lunch period to an hour and that civil servants in the middle ranks might submit to re-examination to prove their continued fitness and efficiency.

### Considers Works Program

#### Cabinet Council In Session Attended To Routine Matters

Ottawa.—Meeting in two brief sessions, cabinet council devoted its attention to an accumulation of routine matters. At the close of the sittings, there was no matter on which an announcement was available.

Public works program was the main subject under consideration. Tenders for various works were gone over with a view to deciding the awarding of contracts.

### Remains House Leader

#### Hon. George S. Henry Endorsed By Ontario Conservatives

Toronto.—Hon. George S. Henry, former premier, was endorsed as house leader for the Conservative opposition at the next legislative session by Conservative members in caucus here. The members recommended a provincial convention be called immediately after the session to consider party leadership and policy.

The members also recommended a member for South Waterloo, had called on Mr. Henry to resign and to summon a convention to choose a new leader. After the caucus, Mr. Henry declared "himself satisfied with the results and maintained he had 'won the fight'."

"I feel that the course I have taken was well worthwhile," Mr. Henry said. "After the session is over the reorganization of the party as a whole can take place."

The members also recommended all Conservative candidates at the June 19 provincial election be summoned to conference with Mr. Henry and his legislative followers before the session convenes. The conference would be for the purpose of considering party questions and advice to members. Mr. Henry declared this would be done.

### Fog Cost Three Lives

#### Transportation Paralyzed In Some Sections Of United Kingdom

London.—A thick fog which cost three lives and spread generally throughout the United Kingdom, paralyzed transportation in some sections.

London and the area to the south were clear, but the country westward to Bristol and northward to Glasgow was thickly smothered. A train killed two railway guards who were unloading race horses near Derby, while a motorcycle died after a collision at Kettering. Six fishing vessels collided off Lowestoft and fog held ships at Liverpool, while the Calcutta from New York was forced to wait at Greenock before proceeding to Glasgow. Shipping in the Bristol channel, on the Mersey river and the River Clyde did not move and boats for Dublin and Belfast were held up.

### New Farm Policy

#### Soviets Start Movement To Provide Every Farmer With A Cow

Moscow.—The Soviet's collective farms and farmers were ordered to get more pigs, cows and sheep. A new step in the drive to give "every collective farmer a cow" move will be financed by 25,000,000 rubles set aside from government funds, it was announced.

State farms were ordered to sell 430,000 head of cattle, 600,000 sheep and 250,000 pigs to collective stock farms before the end of the first quarter of next year. The collective farms will pay 30 to 60 per cent cash, the rest in two to four years.

State farms also must sell during the same period to individual collective farmers 300,000 calves, 1,200,000 pigs and 200,000 lambs. For these sales the government authorized credits of 7,000,000 rubles.

### Central Bank

#### Canadian Chamber Of Commerce Offers Services To Shareholders

Montreal.—As a nation-wide non-political body, the Canadian Chamber of Commerce offered its services to shareholders of the Bank of Canada in the difficult matter of electing directors for the new Central bank.

In a letter addressed to all shareholders, the chamber urged them to defer participating in any nomination until the Board of Trade, Chamber of Commerce or other national bodies have an opportunity to assist in preparation of a slate.

### NEW PREMIER OF FRANCE

Pierre Etienne Flandin, erstwhile Minister of Public Works, who succeeds "Papin" Doumergue as Prime Minister of France. Six-foot-six in height the new Premier needed only 10 hours to put together the pieces of the Cabinet wrecked by Edouard Herriot's radical Socialists.

### Winnipeg Bread War

#### Chain Stores Are Blamed For Conditions In Industry

Winnipeg.—Blaming chain stores for conditions in the baking industry which have led to a "bread war" in Winnipeg, the Retail Merchants' Association submitted a brief to Premier John Bracken urging that immediate action be taken to remedy the situation.

Enforcement of rules and regulations now on statutes of labor and health departments, it contended, would do much to alleviate the bakers' troubles and make independent bakers to remain in business.

The brief referred to an order-in-council passed in Alberta appointing a deputy minister to investigate the Alberta baking industry, and the fact bakers there have submitted a code for approval so they could come under the "Trade and Industries Act."

The association, charged chain stores would not permit retail shops to sell bread at the same prices the chains quoted, and consistently underpriced. As a result, wages in bakeries dropped until "men worked 14 and 16 hours daily for as little as \$10 a month. Quality of bread likewise suffered and in some instances was practically unfit for human consumption."

Bread prices in Winnipeg were as low as two loaves for five cents, and reports came from points in the district of drastic cuts in prices.

### Labor Legislation

#### Proposed Changes Approved By The Ontario Cabinet

Toronto.—Proposed labor legislation of Hon. A. W. Roebuck, Ontario attorney-general and minister of labor, has been approved by the cabinet and will be submitted to the caucus of Ontario Liberals here this week, Premier Mitchell F. Hepburn announced after a lengthy cabinet session.

The premier in announcing the cabinet's decision, insisted the legislation had been incorrectly termed "codes." He associated that name with price-fixing in the United States. Ontario's legislation has nothing to do with price-fixing, Mr. Hepburn stated, but is aimed to improve the social standard of the worker and combat cut-throat competition in industry. The element of compulsion will be absent.

#### Set A Precedent

Amherstburg, Ont.—A Canadian girl, Miss Ethel L. Alexander, whose father, J. H. Alexander, is a prominent resident of Amherstburg, Ontario, set a precedent when she became a member of a board of education in British Honduras.

## No Justification For Talk Of War Says Secretary For Dominions

### Naval Conversations

#### Britain Makes Attempt To Iron Out Some Of The Difficulties

London.—Reliable reports said Great Britain tried without success to induce the United States representatives at two-power naval conversations here to abandon their opposition to compromise proposals put forward by the British delegation.

A lengthy surprise conference at which the British delegates further explained their plan—which would, it is understood, grant Japan naval equality in name but not in fact—failed to shake the Americans' insistence on continuance of the basic principles of the Washington and London naval treaties.

The British representatives had asked for the meeting and in its course, it was learned, they asked many questions trying to get the United States delegates to offer substitute compromise proposals. All of these the Americans evaded.

### New Bank Shares Listed

#### Valued At \$50 Per Share Now Selling At Fifty-Six

Ottawa.—Shares of the Bank of Canada, the \$5,000,000 capital stock which was sold to the public at par a month ago, are listed on the Montreal and Toronto stock markets.

Although on the market only a few weeks, the shares valued at \$50 per are now selling at \$56. Under the Bank of Canada Act no person can own more than 50 shares and in the allocation to subscribers the maximum going to any one person was 15.

In the dealing, the 50-share maximum will be maintained and each person acquiring the stock on the market will be required to make an affidavit to the effect the purchase will not place his direct or indirect interest at more than the statutory maximum number.

### Plague Of Hoppers

#### Denuding Crops In Australia And Eating Garments From Clothes Lines

Sydney, Australia.—Masses of grasshoppers, the scourge of agriculture, are denuding large districts of grass crops and foliage and are even consuming laundered garments hanging out to dry, the government reported recently.

Early October indications of the coming grasshopper plague caused acute alarm throughout the country. The government then compelled farmers to co-operate in a nation-wide poisoning of immature insects. This action definitely mitigated the threat of agricultural disaster, but the maintenance of the combative organization has since been necessary to stem the tide of new swarms.

## Substantial Improvement Is Being Shown In Earnings Of Railways

Ottawa.—Improvement in railway earnings, constantly mounting national revenues, and savings through lowered interest rates on government borrowings, have combined to paint a much happier picture of more pleasant reading of the budget to be presented at the next session of parliament.

It has been estimated gross earnings of the Canadian National and Canadian Pacific for the current calendar year will show an improvement of \$30,000,000 over last year and that the net betterment of the Canadian National alone will be around \$9,000,000. That would bring the railway deficit down to around \$47,000,000 this year as compared with \$56,000,000 last year.

National revenues were shown, in figures published, to be some \$26,000,000 better for the first seven months of the fiscal year as compared with last year with the possibility that the improvement for the year will go to nearly \$50,000,000.

There has been some increase also in expenditures compared with the same period last year, because of additions to the National debt and increased obligations under the old age pension scheme, but this advance has been in no way commensurate with the improved revenues, leaving it almost a certainty that there would be a surplus on ordinary account at the end of the fiscal year.

### EXPERIMENTAL FARMS TO GET NEW ADMINISTRATION BUILDING

Above is the architect's conception of the new Administration Building for the Dominion Experimental Farms, which is to be erected at the Central Experimental Farms at Ottawa.

Subscription \$2.00 per year in Canada United States and Great Britain \$2.50

## NOTES AND COMMENTS

BLAIRMORE, through its council and school board, gains an unenviable reputation. Representative organizations fostering British Empire ideals protest against school children being given a holiday to observe the anniversary of the Russian revolution.

FOR over two years Blairmore has been dominated by a council and school board which has flaunted British ideals, heaping indignity on those who would not become subservient to their revolutionary propaganda. To such an extent has this persisted, that outside organizations have protested. Apparently the loyal citizens are so few or so weak they cannot accomplish the overthrow of the reactionaries.

THE local weekly newspaper is boycotted by the council and school board; the leading store also boycotts it and one of the partners even hobbles with the kind of the "reds" by inviting him to tea—once boasted of it. A nice kettle of fish! It's Blairmore's own business, no doubt, but—what a fine example for children who are taught to believe in Canadian and Empire ideals. And while such a clique is in the saddle, there are spineless individuals, who, for the sake of business, permit national ideals and traditions to be flouted to the point of insult. It's a long road that hasn't a turning, and a change cannot come too soon.

THIS recalls an interesting incident. A man, of whom we thought better, intimated that if we did not support a certain group who were trying to foster labor troubles, they would institute a boycott. He was promptly told to go ahead, for we would not joy fighting such an outfit, rather than pay serious attention to such threats. In Blairmore, the town council and school board have demonstrated their spleen against the local newspaper by boycotting a business which for years had paid taxes, supported all appeals for donations to local organizations and done far more than those, who would, if they could, dictate to the citizens whom they should support. One beneficial result recorded by Editor Bartlett is that he added 43 new cash subscribers to his list of late. And how he does create an occasional smile by taking a crack at the enemy! (Go to it, "Bart.")

COLEMAN'S grand old man, Alex. Cameron, gives younger business men a jolt at times by suggesting many useful things which might be done. Years ago he was mayor, chairman of the school board and generally speaking "Father of the town," and Cameron school in West Coleman was named in his honor. Even yet he displays much keener interest than many younger men, and various kindly acts performed in a quiet way endear him to those who have known him since the early days when Coleman was in the making.

EDDIE CANTOR of radio fame is always bragging about his five daughters, so why shouldn't we brag about ours. We are one behind Eddie, and often imagined how nice it would be to have a boy, but Fate decreed otherwise. We remember an old tradesman who used to say that when they're young they make your arms ache, and when they're old they make your heart ache. Fortunately we have been spared the heartaches, and have almost forgotten if they made our arms ache, for they have long since passed that stage. But one good thing about having young people around is that they keep you from getting old in your outlook and from becoming too set in your ways. The impulse of youth is always for something new and novel, from new hats, new dresses, new dances and many other things which at times almost make you gasp.

But they keep you up to scratch by telling you your tie isn't straight or your pants are too long or too short; that your hat is old fashioned or you're an old fogie. Yet we enjoy it all and welcome their criticisms, for their vigilance makes us careful how we step. They're so darned watchful that we expect they'll

be detecting whether it is Scotch, Irish or Canada Dry we've been drinking when having met a friend. Why, Sherlock Holmes isn't in it with the intuition of the female sex.

A COMMUNIST propagandist, George Palmer, was treated to a ride by a group of unidentified men near Innisfree on Friday night. He was stripped of clothing and daubed with tar and feathers, according to weekly newspaper reports. Such acts of lawlessness cannot be condoned, yet violence was incited in the grain strike at Mundare and other points, which were probably due to the activities of agitators, when a farmer's grain wagon was overturned and a woman was molested as she was driving grain to an elevator. Though he has attacked police methods, Palmer sought their aid after his rough handling. The right of free speech is so abused by men of Palmer's type that they really invite reprisals. Then they pose as martyrs. The Crows' Nest Pass has experienced this type of agitation, when bands of hoodlums would parade and make a general nuisance, singing senseless songs and throwing rocks. A few doses of the treatment they mete out to others causes them to squeal like whipped pups.

COLEMAN high school boys and girls must have a lot of fun publishing a paper of their own. They have a complete staff, including business and advertising managers, social and sporting editors, a "heartthrobs" column, and also they receive letters telling them how to run a newspaper, presumably from those who think they can do the job better than the staff, for you get that line in every paper office. Sometimes the lines are out of plumb and the inkling is a trifle uneven, but the "Echo" serves to stimulate school interest, and incidentally helps them to appreciate the fact that running a paper isn't just what it is cracked up to be. Yet isn't there something magic about publishing a newspaper—at least to the outsider! What if you do get smeared and smudged with printer's ink?

"THE qualifications for leadership are simple—courage, commonsense and honesty. Are we trying to teach the young men of the nation to believe this, or are we placing too great a premium on their ability to use long words, to evolve intricate schemes and to function as critics rather than as builders? On this, more than anything else, depends the future of the nation."—E. W. Bentley, president C.P.R.

THE JOURNAL stands for Coleman. It is here we, as other business houses, try to make our business of service to the public from whom we derive financial support in return for service rendered.

## SCOTTISH PLAYERS

HERE DECEMBER 4.

Mr. H. Percy Hill, advance representative for the Scottish Musical Players, spent Saturday here completing local arrangements for the presentation of "Bonnie Prince Charlie" in the Community hall on Dec. 4. This is the second trans-continental tour of his talented company, and following the reputation established last season, many requests have been received for bookings which the company is unable to fill. They commenced the season at His Majesty's theatre, Montreal, and in all Canadian cities are filling at least a week's engagement, with three weeks at Vancouver and Victoria.

Coleman is the only place between Lethbridge and Cranbrook on the Crow line where they will appear, and a capacity house is anticipated. The ticket sales will be in charge of Jas. M. Allan, telephone 32, and all seats on the ground floor will be reserved.

## RANGERS HAVE SUCCESSFUL EVENT

Liberal support was accorded the tea in aid of the Girl Guides at Mrs. Borden's home on Saturday afternoon. The Rangers of the First Coleman Company waited on the tables, which were decorated with lovely cut flowers. Mrs. Borden is District Commissioner has been a very active worker for the Girl Guides organization, and is assisted by a capable band of officers.

Cranbrook Courier: Since war has been declared against stray and homeless dogs there has been a rush for licenses, no less than 70 being taken out since the edict was issued. Many dogs have been impounded and re-deemed, and almost a dozen have been destroyed.

GEORGE G. COOTE, M. P.

Representing Macleod Federal constituency, in which Crows' Nest district is included, whose name is freely mentioned for directorate of Bank of Canada.

## WEEKLY NEWSPAPERS COMMUNITY BUILDERS

As a recorder of local activities, promoters of worth-while social and commercial enterprise and advertising mediums, the Canadian weekly newspapers stand supreme. This fact is recognized not only by local enterprising business houses, but by advertisers of nationally known products. The fact that people pay to have their local paper mailed or delivered is a guarantee that it will be read carefully, and it guarantees superior service to advertisers. Never do you see the local paper lying around on postoffice floors or in "runt gardens, for people value that which they pay for.

Every reader of The Journal is a potential buyer from those stores which carry ads. Another point to remember is that it does not carry ads, attracting people to do their shopping elsewhere than in Coleman. Hotel registers, fake advertising schemes, free sheets and many other wheedling forms of advertising endeavor to sup-

plant legitimate advertising in newspapers, but it is to the local weekly that people turn for the local news and worth-while advertising, because they recognize its value as a local community enterprise, free from domination by any particular group or faction who have an axe to grind.

## Newspapers and Independence

In an address entitled "Today's Challenge to Journalism," at the annual convention of the Canadian Weekly Newspapers Association in Montreal in August, Floyd S. Chalmers, editor of the Financial Post, stated: "The type of political independence, in a newspaper as in an individual, that is reflected chiefly in refraining from candid criticism when criticism is due, is due to spinelessness rather than true independence."

"Independence implies more than political independence. It implies independence of ownership and a refusal to become anyone's propagandist. More and more the independent newspaper is going to gain recognition from the public. More and more will people lose faith in journals that are published to carry someone's propaganda."

## "Billy" Hall Appointed District Mines Inspector

W. E. H. Hall, formerly surveyor at McGillivray mine, who left here in 1928, and since has been at Midlandvale, Alta., arrived this week to take over the duties as district mines inspector, succeeding the late Moses Johnson, who died while carrying on at the recent fire at International mine. It is reported that Mr. and Mrs. Hall will make their home here, where they have many friends of earlier days in Coleman.

## Local News

Now's the time to keep sidewalks free from snow. Its much better than to allow snow to accumulate and become a nuisance.

John Kwasie, coach of the local hockey team, was granted his amateur card this week but will be unable to play amateur hockey till January, 1936.

Prize-winners at the Caledonian whist drive on Friday evening were: Ladies, Mrs. Woods, Mrs. W. Wilson and Mrs. Smith. Gents, Robt. Hill, E. Hill and Emma Rogers (playing as gent).

Social Credit as expounded by William Abernethy, B.A., of Calgary, continues to interest the local study group which met every Tuesday evening in Albert Knowledge.

Coleman followers of old country soccer become impatient to know the results of games played every Saturday and rather than wait till 1:15 when the results are broadcast one bright soul tuned in London, England, at 11 a.m. Saturday and was rewarded with complete results of all games played.

St. John Ambulance Association intend holding a dance in the Community hall on New Year's Eve, to augment their funds. The Association now has 80 men attending Sunday afternoon classes and 50 girls and young women attending classes on Wednesday evening.

George Derbyshire received a letter from the British Broadcasting Corporation in reply to one he sent advising them of hearing their programs on various occasions. The letter from the Empire program director expressed appreciation of particulars sent him, as he stated: "It is seldom we have the opportunity of seeing where our programs are received."

## Graham's Beauty Parlor

Phone 42 for appointments for permanent waving, marcelling, etc. for next visit of Mr. and Mrs. Tufte land about Dec. 6. Definite date in next issue.

## Basketball Game

Belleuve's men's and ladies' intermediate basketball teams inflicted heavy defeat on the local intermediate teams on Monday evening in the Community hall.

The Zuo-Macs, ladies team, were much too fast for Coleman No. 2 team, and won as they pleased by a score of 34-13. The local team is composed of young players who are only learning the game and were unable to cope with the smooth passing attack displayed by their opponents.

The men's game saw Belleuve take command from the start and the score rapidly mounted for Belleuve. The right and left wings of the Belleuve line were responsible for the majority of their team's points, scoring whenever they wished and with an ease that brought comments from the spectators. Coleman had no defence to stop them and as a result the score read 65-12 at the final whistle.

## UNITED CHURCH

Sunday, Nov. 25, Rev. Roy Taylor will begin a series of sermons on the Lord's Prayer. The subject of the message will be "Prayer as Sons." The Sunday school will meet as usual at 12:15 a.m. Christmas tree and concert for the Sunday school, Friday, Dec. 21. Keep this date open.

In the evening a Girl's choir will sing a selection and Mr. R. W. Fernie will preach.

The Junior choir of 39 voices under the capable leadership of Mrs. R. Upton of Belleuve was very much appreciated last Sunday morning. Several members of the Oxford Group from Calgary spoke in the United church at both services and gave very dynamic testimony to the power of God in a fully surrendered life.

Constable John Houghton was elected to the general committee of fire chiefs of Southern Alberta at a meeting held recently in Macleod.

## MISCELLANEOUS

### ANNOUNCEMENT

If arrangements can be made the Basketball Club dance on Nov. 30 will be held in the Italian hall as changes are being made in the heating plant at the Community hall.

ONE DOLLAR buys membership in Hospital Association and chance of winning TEN ACRES of land at Creston, the fruit district, or \$750.00 CASH.

Mrs. Wheatley and daughter of Banff are visiting at the home of her mother, Mrs. Chalmers for a few weeks. Mrs. Wheatley arrived in Coleman to bid farewell to her sister Mrs. Geo. Reid who left Tuesday for Scotland.

THE TRUE PURPOSE of advertising is to make known facts and views. The test of advertising is what it tells. If the goods advertised are of benefit to the community, the advertiser need have no fear of his sales.

### ANNOUNCEMENT

Mr. Melville Anderson, of Anderson & McLean, sight specialists, Calgary announces his next visit, to G. R. Powell's, Coleman, on

Thursday, November 29, 1934. 20 years' experience and regular visits assure you of satisfaction in all optical work.

Journal advertisements impress themselves on the public consciousness. They remember them!

## COMING EVENTS AT THE COMMUNITY HALL

Friday, Nov. 30—Basketball Dance. Tuesday, Dec. 4—Scottish Players. Christmas Eve—K. of P. Dance. Christmas Night—Ken Blain Dance. Note—Bookings for the Community Hall may be made at The Journal Phone 209 H. T. Halliwell, secretary of Community Hall Committee.

## ST. ALBAN'S CHURCH

SerVICES at St. Alban's, Sunday, Nov. 25: Sunday school 12:30 p.m.; evensong 7 p.m.

The A.Y.P.A., Blairmore, will join with Coleman on Friday at 8 p.m. to hold a literary evening, and St. Alban's young people are invited to attend, at St. Alban's parish hall.

Do you remember how you would wish you had plenty of accident insurance every time you tried to crank the old Ford?

Do you remember the days when driving with a team on the prairie at night the horses would know the road home better than the driver?

Do you remember when Frank Harrington and "Billy Jenkins" unmanufactured "soft drinks" and Frank would make deliveries with a team and driver and ride a saddle horse to collect orders from "Crow towns"?

## WORLD HAPPENINGS BRIEFLY TOLD

Lieutenant-Governor Herbert A. Bruce of Ontario has been elected to the board of the Dominion Bank.

Robert W. Babson, statistical expert, advocates a coalition government in the United States beginning in 1937.

The Soviet Union whose position as world's second largest pig iron producer recently was announced, contracted with Japan to sell 40,000 tons of this product.

"Given similar jurisdiction, namely, monetary and customs control, British Columbia is in a better financial position than the Dominion of Canada," Premier T. D. Pattullo declared in a public address.

Prompt construction of two giant airships, an aircraft carrier and a "flying deck" cruiser unlike any other ship now afloat has been proposed privately to President Roosevelt's aviation commission.

Dr. A. L. McNabb, director of the Ontario health laboratories in Toronto, revealed he has succeeded in isolating typhus bacteria infecting a human being. He said he believed it was the first time such an isolation had been achieved in Canada.

Germany is dicker to induce the major powers to legalize her rearmament so she may re-enter the community of nations before a mutual assistance league is formed against her, French political commentators said.

The French Academy of Science awarded a prize of 3,500 francs to Irene Joliot-Curie, whose parents gave radium to the world, and Dr. Frederic Joliot, her husband, for the creation of new radioactive substances which they hope will substitute for radium in the treatment of human ills.

## Indigestion, Gas

Mrs. Elizabeth Stewart of 127 S. Caroline St., San Antonio, Ont. says: "I had indigestion most all the while, and was continually bloated with gas. At times I had heartburn and I would become dizzy-headed frequently. But Dr. Pierce's Golden Syrup Discovery built up my system and entirely rid me of the stomach trouble. I have had no stomach trouble in years. I am druggists. Write Dr. Pierce's Clinic, Buffalo, N. Y."

## Smallest Wireless Set

Pencil Radio Said To Provide Very Good Reception

The world's smallest wireless set has just been made in Chicago. It is a tuning coil wrapped round a pencil. The crystal detector is inserted in the metal eraser cap, to which is also attached the standing, phillike aerial. For use, the pencil radio is simply connected to a pair of earphones. It is said to provide surprisingly good reception, considering its size, and it picks up stations several hundred miles away.

The total number of live cattle exported to the British Isles in 1934 up to October 25 was 44,138, compared with 43,792 in the corresponding period of 1933.

## Little Journeys In Science

### BACTERIA

(By Gordon H. Quest, M.A.)

When the microscope was invented a new field of science known as bacteriology, was opened up. Bacteria is the name given to a large group of plant organisms of minute size. Some of these have a rod-like appearance, some are spherical, and some look like trailing bits of filament. The rod-like type are called bacilli, and it requires twenty-five thousand of them placed end to end to occupy one inch of space.

Bacteria reproduce by the division of their bodies, one rod or sphere changing with great rapidity into two. The bacilli which bring about the fermentation of hay, double their length and divides every half hour. Many kinds of bacteria are killed by light while others cannot withstand great extremes of heat and cold. A few varieties, however, exist in a dormant state at 222 degrees below zero. A temperature of 87 degrees above zero destroys most bacteria, but some are known to live in hot springs where the temperature is 104 degrees.

Because they are plants, bacteria have no stomachs, and so they cannot absorb undigested food. They therefore go into their food. When they have penetrated into the material they are going to use for food, they give off chemicals which change the material into a form in which it can be absorbed. Thus bacteria bring about the decomposition of dead plants and animals. Storing such important substances as carbon dioxide and ammonia. If it were not for this, the destruction of all living things on the earth would soon perish, because the chemical elements upon which life depends would be locked up in dead plants and animals. Thus the chemical elements necessary to life are always travelling in a circle. Everything comes from the earth, returns to the earth and is used over and over again. If the circle is ever broken, all life would stop. Bacteria play an important part in keeping this vital circle unbroken.

## A Product Of Proved Merit

Vicks Va-tro-nol. For Preventing Colds, Meets With Wonderful Success

Windsor, Ont.—An intensive newspaper advertising campaign introducing Vicks Va-tro-nol, the new aid in preventing colds, has just started in Western Canada. Introduced in Ontario last year, and in the United States two years before, Va-tro-nol has immediately become immensely popular.

Newspapers were selected as the principal medium for the introduction of Va-tro-nol because of the excellent results they have produced for Vicks VapoRub, according to the announcement.

For many years VapoRub has been the world's most extensively used cold remedy—the family standby for treating colds in 68 countries. Vicks officials attribute much of the tremendous VapoRub sales—over 26,000,000 jars last year—to honest consistent newspaper advertising, giving a product of proved merit.

Similar international success is being achieved now by Vicks Va-tro-nol—companion to VapoRub in Vicks Plan for Better Control of Colds. Vicks Chemists and medical consultants developed the formula for Vicks Va-tro-nol after years of clinical research. It is especially designed for nose and throat, where most colds start.

Based on a new idea for preventing colds—by aiding Nature's own cold-fighting function in the nose—Va-tro-nol is introduced as "the ideal companion to Vicks VapoRub, the modern external method of treating colds." Together with certain simple rules of health, these two preparations form Vicks Plan for Better Control of Colds. Records of thousands of clinical tests—conducted over a period of two years under medical supervision—indicate that Vicks Plan greatly reduced the number, duration and dangers of colds.

In accordance with the Vicks Company's policy for nearly 30 years, VapoRub and Va-tro-nol will be heavily advertised in newspapers throughout the season. They will also be backed by the distribution of thousands of samples through drug stores in the Dominion.

Since 1929, Vicks has steadily increased its advertising while other companies were drastically curtailing theirs or eliminating it entirely. And during these five turbulent years sales of Vicks products have increased from 26,000,000 to over 53,000,000 packages annually, despite adverse business conditions.

John Cabot, discoverer of Newfoundland, was paid \$10 for his discovery.

## SUNDAY SCHOOL LESSON

NOVEMBER 25

### THE CHRISTIAN STEWARD

Golden text: "Well done, good and faithful servant: thou hast been faithful over a few things, I will set thee over many things; enter thou into the joy of thy Lord." Matthew 25:21.

Lesson: Matthew 25:14-30. Devotional Reading: Malachi 3:17-12.

### Explanations And Comments

The Charge to the Stewards, verses 14, 15. Jesus was talking with his disciples about the Kingdom of Heaven, and he began an illuminating parable by saying that the situation was comparable to that of a man who, being able to go into another country, called his servants and delivered to them his goods to handle in a circle. Everything came from the earth, returns to the earth and is used over and over again. If the circle is ever broken, all life would stop. Bacteria play an important part in keeping this vital circle unbroken.

How the Stewardship Was Carried Out, verses 16-18. The servants who received five and two talents respectively lost no time in getting to work and doubling each his amount, but the man who received one talent hid it in the earth. It was a common practice in the East to bury money for safekeeping, but his master wanted increase as well as safety.

The Two Stewards Rewarded, verses 19-23. After a long time the master returned and the servants made their reports. "Well done, good and faithful servant," he said to the man who had doubled his five talents. "I will set thee over many things; enter thou into the joy of thy Lord." "Come and share thy master's feast" is Moffatt's translation.

The One Steward Punished, verses 24-30. "Lord, I knew that thou art a hard (austere, Lk. 19:21) man," said he who had received one talent, "treasuring where thou didst not sow, and gathering where thou didst not scatter." He uses proverbial expressions to describe an unscrupulous, grasping man. "It is all work and no pay," in his master's service, "his master takes all the increase and gives the laborer no share in the reward," he thus says, "And I was afraid," he continued, "and went away and hid thy talent in the earth; lo, thou hast thine own."

"Thou wicked and slothful servant," exclaimed his master. "You call me hard. I call you a churl" (A. B. Bruce). "Out of thine own mouth will I judge thee," Lk. 19:22. "Thou knewest [didst] thou that I reap where I sowed not, and gather where I did not scatter? thou oughtest therefore to have put my money to the bankers, that at my coming I should have received back mine own with interest." Turning to the men who would carry out his will, he said: "Take ye away therefore the talent from him, and give it unto him that hath the ten talents." Then he gave voice to a general principle which, hard and inexorable, is always true: "Unto every one that hath shall be given, and he shall have abundance; but from him that hath not, even that which he hath shall be taken away." No better interpretation of the seeming paradox in the last part of this statement could be found than the words of Aristotle: "He who hath this or that, and makes no use of it, may not improperly be said to have it and not to have it."

"Thou wicked and slothful servant," exclaimed his master. "You call me hard. I call you a churl" (A. B. Bruce). "Out of thine own mouth will I judge thee," Lk. 19:22. "Thou knewest [didst] thou that I reap where I sowed not, and gather where I did not scatter? thou oughtest therefore to have put my money to the bankers, that at my coming I should have received back mine own with interest." Turning to the men who would carry out his will, he said: "Take ye away therefore the talent from him, and give it unto him that hath the ten talents." Then he gave voice to a general principle which, hard and inexorable, is always true: "Unto every one that hath shall be given, and he shall have abundance; but from him that hath not, even that which he hath shall be taken away." No better interpretation of the seeming paradox in the last part of this statement could be found than the words of Aristotle: "He who hath this or that, and makes no use of it, may not improperly be said to have it and not to have it."

## Canadian Education Association

Officers And Directors Are Elected For The Ensuing Year

Dr. George F. Rogers, Ontario director of education, was elected president of the Canadian Education Association for a two-year term. He succeeds H. H. Shaw, superintendent of education for Prince Edward Island.

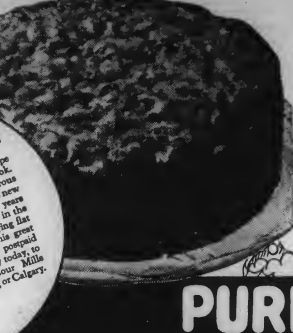

The association elected honorary presidents, minister of education for all the provinces of the Dominion. Other executive officers are: Vice-president, Dr. H. H. Munro, Nova Scotia superintendent of education; secretary-treasurer, W. J. Kerr of the Ontario department of education.

Directors elected include: J. J. Willis, British Columbia superintendent of education; J. F. McNally, Alberta supervisor of schools; Dr. J. H. McKenzie, Saskatchewan deputy minister of education.

W. N. U. 2073

## From The New PURITY COOK BOOK

Illustrated in the Christmas Cake recipe number 374 in the new Puritty Cook Book. Household hints and recipes, this new Puritty Cook Book, costing \$30,000 and two years of research to prepare, is available in the kitchen. Easy to keep in mind and type the recipes at which it is issued, this great kitchen help is now sent you free today to 50 cents. Write for your copy today to Dr. J. H. McKenzie, Canada Flour Mills Co., Limited, Toronto, Winnipeg or Calgary.

**CHRISTMAS CAKE**—Christmas dinner . . . a monster turkey, nuts, candies, paper hats which come from the gaily colored Christmas crackers—and to bring to a conclusion the year's greatest feast—a Christmas Pudding and a Christmas Cake made from PURITY FLOUR. You'll appreciate the high quality, the absolute uniformity of PURITY FLOUR in the season of Christmas baking. It's best for all kinds of baking. All baking made with it is marked by a distinctive, pleasing flavor, an even texture, good color and the other qualities which fill the housewife's heart with pride. Buy a bag today from your grocer, and keep only one brand of flour in your kitchen.

# PURITY FLOUR

BEST FOR ALL YOUR BAKING

## Big Business For Barbers

Dinko Of Mussolini For Whiskers Results In Many Shaves In Italy

The beard had been approaching an abrupt end in Italy recently as a result of Il Duce's suddenly expressed dislike for such facial appendages. Business was booming for barbers as Fascists streamed into their shops to have their whiskers shorn off.

It was all said to have started when Mussolini, who is always clean shaven told General Attilio Teruzzi, commander of the black shirt militia, that his beard was getting gray.

"You are no longer a lion," he was reported to have told the general. "You are old, and your whiskers are getting gray. You had better have them off."

In the desert country, many animals never drink water. Their need for moisture is supplied by chemical action in their digestive tracts, which turns some of their starchy foods into water.

## Tested Eczema Remedy

### Is Prescription of Doctor

Your skin trouble—whether it is eczema, acne, hives, dandruff, ringworm infection or pimples and blemishes—will be positively benefited by D.D.D., because D.D.D. is a tried and tested Physician's Prescription. D.D.D. was developed originally for his own patients by Dr. D. D. Dennis. It is now manufactured by the makers of Campana's Italian Balm. In 35 years D.D.D. has brought clear, beautiful skin to millions. At druggists. Trial size 25c. Guaranteed to give instant relief or money refunded.

## One Phone Serves Village

Fire Bell Gives Alarm Whenever Call Comes Through

To make the only telephone in a Derbyshire village of Italian efficient a fire bell has been installed outside the post office, home of the instrument. Whenever a call comes from the outside world the fire bell gives the alarm. At least half a dozen villagers rush to the phone and either take the call themselves or find the individual for whom it was intended. Every child in the village has been instructed how to use the telephone.

## The Island Of Luzon

The yen for distant lands was stronger than ever in the minds of several after hearing of the Island of Luzon from Rev. N. H. Paquette, recently returned from the Philippines. There, unemployment is unknown because nobody works hard. Houses can be built for \$3. There is no church collection and no prohibition. The reason for this is that missions keep up the church and nobody drinks, the minister said.

## Chinese Farmers Lose Heavily

Losses to Chinese farmers and peasants occasioned by the protracted drought and record heat wave of the past spring and summer are expected to exceed \$1,200,000,000, according to a report issued by the National Farmers' Relief Commission, based on reports received from the stricken districts.

## Another Old Custom Gone

Turks Allow Windows In Women's Apartments To Be Uncovered

Another old Turkish custom is to go. This is the "kafes", literally meaning "cages", but actually applied to the close wooden lattices which cover the windows of the women's apartments in Turkish houses. Their object to conceal the women from the gaze of man. But the Constantinople authorities have decided that, like the veil, it must go. Reasons of hygiene are given, as it is stated that the wooden shutters kept out the light and air.

**TELL YOU HOW  
TO COOK FISH**

—with less work and no odor

Boiled or steamed fish comes out firm and solid, swimming in its own juice, when you cover it with CANAPAR Cookery Parchment. No fishy odor. No gummy steamer or saucepan to clean up afterwards.

And how delicious vegetables are when cooked the CANAPAR way! You can boil three in one saucepan without the flavors mixing—over a single burner. Save fuel. Eliminate odor in the house. Preserve the rich mineral salts. Cut down work.

CANAPAR can be used over and over again. It won't absorb odors. Try it as a dish cloth—especially for glassware.

### DO YOU KNOW?

MAN has owned and kept  
virtually all kinds of ani-  
mals, reptiles and birds, but  
the honey bee is the only do-  
mestic insect that man pos-  
sesses.

### TODAY'S FACT

Weather considerably milder  
after zero spell. Temperature  
35 degrees at 4 p. m.

### MISCELLANEOUS

3 below zero was the temperature  
recorded at the International mine  
on Wednesday morning.

Born: To Mr. and Mrs. A. Mc  
Lintock on Wednesday Nov. 14, a  
daughter.

Do you remember when it cost  
\$7.00 to hire a taxi to go to Blair  
more and return?

Mayor McGilligan of Crows Nest  
states he has developed the habit of  
walking in his sleep through living  
there so long

Mrs. Cousins, of Winnipeg, is  
visiting at the home of her daugh-  
ter, Mrs. McLintock, for a few  
weeks.

It is some time since Michael  
Hennessey, veteran miner, has been  
seen in town. He must be hiber-  
nating at his country residence.

Coleman Hardware Co. has in-  
stalled a new steam heating plant  
which also heats the grocery store  
of John M. Rushton.

The marriage is to take place in  
Lethbridge on Saturday, Nov. 24  
of Angelo Gentile of Coleman and  
Miss Florentine Houbreggs, daugh-  
ter of Mr. and Mrs. Louis Hou-  
breggs of Blairmore.

The contract for installing a new  
heating plant in the Community  
hall was awarded last evening to  
the Pattinson hardware, and work  
will be commenced immediately on  
installing a boiler of greater capac-  
ity than the one in use and doubling  
the amount of radiation.

Two rival editors fought bitterly  
for years. One died and the other  
sought to make amends in the obit-  
uary. But unfortunately the item  
became mixed up with the report  
of a fire and it read: "When the  
beautiful casket was lowered to the  
last resting place, lurid flames shot  
upward."

The only people who can make  
Coleman a real shopping centre are  
the merchants themselves. People  
the world over like to be shown,  
like the man from Missouri. Read  
the ads and buy from those stores  
which advertise in The Journal.  
They're good stores to buy from,  
and help to make Coleman a town  
worth while.

At Bellevue Armistice day smoker  
held in the Canadian Legion  
club there, Comrade Jimmy Miller  
and Comrade Mills were presented  
with past president's jewels, having  
been officers of Bellevue branch.  
The president, Comrade Shevells,  
called on Comrade R. V. Mundy of  
Calgary branch, who has been as-  
sociated with Comrade Miller dur-  
ing the past 17 years in Legion af-  
fairs to present the jewel. He  
called on Comrade Sirrett to pre-  
sent the jewel to Comrade Mills.  
Each made a suitable short address  
in acknowledging the honor con-  
ferred.

READ CAREFULLY THE GRO-  
CERY SPECIALS—YOU'LL SAVE  
MONEY.

**THE HINGE** that  
squeaks the loudest  
gets the most oil.  
The store which advertises  
secures the most atten-  
tion. It usually results  
in increased business.

### FESTIVAL COMMITTEE MEMBERS TO MEET

A combined meeting of the finan-  
cial and executive committees of  
Crows' Nest Pass Musical Festival is  
called for Monday, November 26th, in  
the Greenhill hotel, Blairmore.

The financial report covering the  
1934 festival will be submitted by the  
secretary-treasurer, Mrs. J. H. Farmer,  
whose capable handling of the festi-  
val elicited many favorable comments.  
At this meeting the date for the an-  
nual general meeting and election of  
officers for the 1935 festival will be  
decided on.

For several years Mr. L. L. Mor-  
gan filled the office of president, and  
at last annual meeting it was decided  
by the general committee to alter-  
nate the office of president between  
the various Pass towns, H. T. Halli-  
well, of Coleman, being elected for  
the 1934 festival. This year the of-  
fice will be filled by Bellevue or Hill-  
crest.

Monday's meeting is announced for  
8 p.m. sharp and all committee mem-  
bers are urged to be present on time  
so that the business may be com-  
pleted as expeditiously as possible.

Many use typewriters for personal  
as well as business correspondence.  
The typewritten invariably takes pre-  
cedence over handwritten letters, for  
they are more quickly read. A Rem-  
ington Portable in the home is a con-  
venience and can be obtained on terms  
as low as \$5.00 monthly. These  
sturdy typewriters can be obtained  
for \$60, and slightly used models for  
as low as \$45. The Journal office will  
gladly give particulars.

Under the new regulations for re-  
moval of ashes, they must be placed  
in a suitable container which can be  
dumped into a truck. Some have such  
heavy containers that the truck men  
pass them by. They are so heavy  
that it needs a Samson or a Sandow  
to lift them, especially when filled  
with ashes. Dumping spots which  
formerly marred the town's appear-  
ance are being placarded, advising  
those guilty of dumping indiscrimi-  
nately that they will be liable to pro-  
secution. The council aims to make  
it a clean town, and should have the  
co-operation of all householders.

Miss Miskelly of London, Eng.,  
is spending the winter with Mr.  
and Mrs. H. C. Craig at the East  
Kootenay power plant residence at  
Crows Nest lake, Mrs. Craig being  
her sister. During the war Miss  
Miskelly was in one of the large  
London hospitals, and experienced  
a full share of the thrills caused by  
the dreaded raids by German Zepp-  
elins and airplanes. She was also  
a witness of the bringing down in  
flames of the Zeppelin which was  
caught in the network of search-  
lights at Cullifly, when British air  
planes bombed it and it fell a mass  
of twisted wreckage, the entire crew  
being killed.

Thanks on behalf of the returned  
men of the camps is expressed by  
Capt. W. C. Coats and Mr. R. V.  
Mundy, camp foreman, to the busi-  
ness men of Pass towns for their  
donations towards the Armistice  
smoker in the Community hall on  
Nov. 10.

Do you remember when ladies  
bustles were considered stylish, and  
a woman's crowning glory was her  
hair, a la Seven Sutherland Sisters?

## GOOD PRINTING CREATES GOOD IMPRESSION

YOU wouldn't make a call shabbily dressed.  
Neither should your printed matter look shab-  
by. The only satisfactory way to obtain good  
printing is to buy from a regular printing office,  
where they use type and skilled craftsmanship  
in the production of printed matter. Remember,  
the impression created by good printing  
acts in the same manner as a well-dressed cal-  
ler in the office or home. Nobody welcomes  
you if you're seedy-looking.
